

Safety • Satisfaction • Success

EST. SINCE 1953

Welcome to Silvertip Archery

www.silvertiparchers.net

Archery is a sport that fits any age. It is a great way to spend family time where everyone can grow into a sport filled with history, mired in tradition and built on volunteerism.

Archery employs physical power, mental stamina and focus. It's a fantastic sport that you can participate year around.

JUNIOR OLYMPIC PROGRAM (J.O.P)

Silvertip offers (Oct.-May) a large Junior Olympic Program, facilitated by NCCP certified coaches. The J.O.P. program is a provincially adopted program where youth (ages 8-20) move through a series of merit certificates based on individual skill in the sport of archery. Targets become more challenging as the archers move up levels. Classes are held once weekly and a small target fee is collected each session.

FAMILY FUN NIGHT

Ever considered you'd like to try the sport of archery? Join us any Friday Night (Nov. to May) at the indoor range for fun, games and a touch of beginner's instruction. (NCCP coaches available). A safe family environment where a variety of targets and equipment are provided.

(Non-members pay \$5). Shoot balloons, 3-D animals, play golf, tic tac toe, bowling and poker all with bows.

INQUIRIES FOR ADULT SHOOTING

Silvertip Archers Club Information

Silvertip Archers is one of the oldest and most successful clubs in the province of British Columbia. We support and have had members participate in the B.C. Northern Winter Games, B.C. Summer Games, and the Western Canada Games and of course, the Canadian National Archery Championships. Members also participated in the Worlds Indoor Championships. There is both an indoor and outdoor range that is one of the best in the province. We have had many National Champions in this Archery Club. Silvertip Archers affiliate our selves with the archery movement across the Caribou region and are proud to offer ease of standard fees and tournament rules.

MISSION STATEMENT

Promote the sport of archery across the Caribou region, personal growth of archers, physical awareness of body & mind, encouragement of healthy competition, sportsmanship and volunteerism.
